

Capability for Work questionnaire

If you would like this questionnaire in Braille, large print or audio, please call Universal Credit on the number at the top of any letters we have sent you or use your online journal if you have one to tell us what you need.

If you live in Wales and want this questionnaire in Welsh please call us on **0800 328 1744**

What you need to do:

- Please fill in this questionnaire and send it back to the Health Assessment Advisory Service by the date on the letter that it came with. The Health Assessment Advisory Service will use the information you provide to decide if you need to come for a face-to-face assessment or not. We will use this information to give you the best support we can and pay you the right amount of benefit.
- You must send it back by the date we've asked you to in the enclosed letter.
- Read this questionnaire carefully and make sure you answer all the questions in full.
- Write in **black ink** and use CAPITAL LETTERS. If you want to, you can download a copy of the questionnaire to your computer and fill it in. Go to **www.gov.uk** and search for **UC50**.
- Return the completed questionnaire using the enclosed envelope. It does not need a stamp. **Do not** send it or take this to your Jobcentre Plus office as this could delay the Health Assessment Advisory Service processing your assessment

Send **copies** of all your medical or other information back with your questionnaire. We do not always contact your medical professionals so this information is important, and should let us know how your disability, illness or health condition affect how you can do things on a daily basis. A list of information we find helpful is on **page 5**.

- Only send us **copies** of medical or other information if **you already have** them. **Do not** ask or pay for new information or send us original documents. Please write your National Insurance number on each piece of information you send to us.
- Make sure you fill in the **About you** section on **page 2** in full

If you need help filling in the questionnaire, you can:

- ask a friend, relative, carer or support worker to help you
- call Universal Credit on the number at the top of any letters we have sent you or Use your online journal, if you have one, to ask questions. Please do not go into your local Jobcentre Plus office

In some cases, your answers can be written down for you. You can ask for your questionnaire to be sent to you by post to check.

If you do not fill in and send back this questionnaire to the Health Assessment Advisory Service by the date we have asked you to, then we may not have enough information to make a decision on your capability for work and you may not get the right amount of Universal Credit.

Yes Please go to the next question.

Are you having, waiting for or recovering from chemotherapy or radiotherapy treatment for cancer?

No Go to About your disabilities, illnesses or health conditions on **page 6**.

Yes Please make sure **page 24** is filled in and signed by your Healthcare Professional. This may include a GP, hospital doctor or clinical nurse who is aware of your cancer treatment. When your Healthcare Professional has signed **page 24** and you have signed **page 22** you can then return this questionnaire using the enclosed envelope.

Do you have other health problems, as well as cancer and the problems resulting from your cancer treatment?

No Please make sure **page 24** has been filled in and signed by your Healthcare Professional and you've signed **page 22**. You can then return this questionnaire using the enclosed envelope.

Yes Please fill in the rest of this questionnaire.

About your disabilities, illnesses or health conditions

We will ask you specific questions about how your disability, illness or health condition affect your ability to do things on a daily basis in the rest of this questionnaire.

Please tell us:

- **what your disabilities, illnesses or health conditions are**
- **how they affect you**
- **when they started**
- **if you think any of your conditions are linked to drugs or alcohol**

Please tell us about:

- **any aids you use, such as a wheelchair or hearing aid**
- **anything else you think we should know about your disabilities, illnesses or health conditions**

If you need more space, please use **page 21** or a separate sheet of paper.

About your disabilities, illnesses or health conditions continued

Please tell us about any tablets, liquids, inhalers or other medication you are taking and any side effects you have.

You can find a list of your medications on your latest prescription.

If you need more space, please use **page 21** or a separate sheet of paper.

Hospital, clinic or special treatment like dialysis or rehabilitation treatment

Use this section to tell us about any:

- hospital or clinic treatment you are having
- hospital or clinic treatment you expect to have in the near future
- special treatment you are having such as dialysis or rehabilitation treatment

Please also tell us about any special treatment you have which you may not go to a hospital or clinic for.

Tell us about all your hospital, clinic or special treatment.

For example

- what treatment you are having
- where you go to get the treatment
- how often you go for the treatment.

If you are expecting to have treatment in the near future, tell us

- what the treatment will be
- the date it's due to start.

If you need more space, use the space on **page 21** or a separate sheet of paper.

Are you having or waiting for any treatment which needs you to stay somewhere overnight or longer?

If you need more space, use the space on **page 21** or a separate sheet of paper.

No Go to **Part 1** on the next page.

Yes Tell us the name of the organisation running your scheme, when your treatment began, or is due to begin, and when you expect it to end.

How your conditions affect you

Part 1 is about physical health problems.

Part 2 is about mental health, cognitive and intellectual problems. By cognitive we mean problems you may have with thinking, learning, understanding or remembering things.

Part 3 is about eating and drinking.

Part 1: Physical functions

Only answer Yes to the following questions, if you can do the activity safely, to an acceptable standard, as often as you need to and in a reasonable length of time.

1. Moving around and using steps

By moving we mean including the use of aids you usually use such as a manual wheelchair, crutches or a walking stick but without the help of another person.

Please tick this box if you can move around and use steps without difficulty.

How far can you move safely and repeatedly on level ground without needing to stop?

For example, because of tiredness, pain, breathlessness or lack of balance.

Use this space to tell us:

- how far you can move and why you might have to stop
- if you usually use a walking stick, crutches, a wheelchair or anything else to help you, and tell us how it affects the way you move around

Going up or down two steps

Can you go up or down two steps without help from another person, if there is a rail to hold on to?

If you have answered **No** or **It varies** use this space to tell us more about using steps.

Now go to **question 2** on the next page.

You have now completed the section about your physical functions.

Part 2: Mental, cognitive and intellectual capabilities

In this part we ask how your mental health, cognitive or intellectual problems affect how you can do things on a daily basis. By this we mean problems you may have from mental illnesses like schizophrenia, depression and anxiety, or conditions like autism, learning difficulties, the effects of head injuries and brain or neurological conditions.

If you have difficulties filling in this section, you can ask a friend, relative, carer or support worker to help you. You can call Universal Credit on the number at the top of any letters we have sent you. They will talk you through the questions over the phone or you can Use your online journal, if you have one, to ask questions. For online help, visit www.chdauk.co.uk

If you would like any additional information to be considered, for example from your doctor, community psychiatric nurse, occupational therapist, counsellor, psychotherapist, cognitive therapist, social worker, support worker or carer please send it with this form. This includes information that tells us how your disability, illness or health condition affects your ability to do things on a daily basis and information about how this affects you when you are most unwell.

Only send us copies of medical or other information if you already have them. Do not ask or pay for new information or send us original documents. Please write your National Insurance number on each piece of information you send to us.

Only answer Yes to the following questions, if you can do the activity safely, to an acceptable standard, as often as you need to and in a reasonable length of time.

11. Learning how to do tasks

Sharing information about your health condition

The Department for Work and Pensions (DWP) or approved healthcare professionals that work for DWP, might need more information about your health condition and how it affects your ability to work.

They might ask for relevant information from your doctor, or any other relevant professional you tell them about.

Do you give your consent for your doctor or other relevant professionals to give DWP more information about your health condition?

- Yes - information about my health can be shared with DWP or the healthcare professionals that work for them.
- No - information about my health cannot be shared with DWP or the healthcare professionals that work for them.

How DWP uses this information

DWP uses this information to:

- process for claim
- make a decision on your claim, or any mandatory reconsideration or appeal you make.

The law allows DWP to get, keep and use this information.

Your doctor (or the relevant professionals you tell DWP about) needs your consent to give information to DWP. If you give your consent, this lets them know that they are legally allowed to share this

information with DWP.

DWP can lawfully ask your doctor, hospital consultant or other relevant professionals for information about your health condition and how it affects you. This is because we are asking for the information to help us carry out our official social security functions.

You do not have to give your consent. If you do not, DWP will make a decision based on the information they have already, as well as any you give them yourself.

If you change your mind

You can change your mind. You can do this by going to your online journal to report a change or phone Universal Credit on 0800 3285644 and say you want to give or withdraw your consent. If you withdraw your consent, DWP cannot get information from your doctor or others named on your form.

I have read and understood the text above.

Face-to-face assessment

You may be asked to attend a face-to-face assessment with a qualified Healthcare Professional who works for the Health Assessment Advisory Service. They will send you a letter with details of your appointment and a leaflet that explains what happens at an assessment and who you can take with you.

If you are not asked to go to a face-to-face assessment, Universal Credit will write to you and explain what will happen with your claim. The Health Assessment Advisory Service will not write to you.

Please make sure you have put your telephone number and address details in the 'About 'You' section on **page 2**.

You must let the Health Assessment Advisory Service know as soon as you get your appointment letter if you need:

- a home visit. You will be asked for information from your medical professional to explain why you are not able to travel to an assessment centre
- your assessment to be recorded on tape or CD. Requests will be accepted where possible. More details about audio recording your assessment can be found at **www.gov.uk** and search for 'audio recording of face-to-face assessments'

Please let the Health Assessment Advisory Service know at least **two working days** before your assessment if you need:

- an assessment on the ground floor if you cannot use stairs unaided in an emergency
- a sign-language interpreter. You are welcome to bring your own sign language interpreter but they must be 16 or over
- your face-to-face assessment with a Healthcare Professional of the **same gender as you**. For example, on cultural or religious grounds. The Health Assessment Advisory Service will try their best to provide one for you, but this may not always be possible

If you want more information about the face-to-face assessment, please visit **www.chdauk.co.uk**

Tell us about any other help you might need in the space below.

Face-to-face assessment continued

If you do not understand English or Welsh, or cannot talk easily in these languages, do you need an interpreter?

You can bring your own interpreter to the assessment, but they must be over 16.

Tick this box if you will bring your own interpreter.

Would you like your telephone call in Welsh?

Would you like your face-to-face assessment in Welsh?

Please tell us about any times or dates in the next 3 months when you cannot go to a face-to-face assessment.

For example, because of a hospital appointment.

Other information

If you need more space to answer any of the questions, please use the space below. If any of your carers, friends or relatives want to add any information, they can do it here. This may be because they know the effects your disability, illness or health condition have on how you can do things on a daily basis.

Please complete **page 4** with their contact details as we may contact them for more information to support your claim.

If you need to give us more information on a separate sheet of paper, please put your name and National Insurance number on it.

Consent to notify your GP of the outcome of the Work Capability Assessment

DWP would like to share its decision based on the result of your Work Capability Assessment (WCA) with your doctor, or any doctor treating you. This will help the doctor, as it will tell them when they no longer need to provide you with Statements of Fitness for Work (also known as fit notes or medical certificates) for the purposes of this claim.

We need your agreement to share this information.

You do not have to give your agreement, if you do not agree it will not affect your claim for Universal Credit.

You can change your mind any time before the medical assessment. If you do, go to your online journal to report a change or phone Universal Credit on 0800 3285644 and say you want to give or withdraw your consent.

If you contact us after the assessment it may be too late, as we may have already made a decision and shared it.

If you withdraw your agreement, we will not share the decision based on the outcome of your WCA with your doctor.

I agree to my doctor, or any other doctor treating me, being informed about the result of my Work Capability Assessment.
